

RAPID URINE CUP AND DIP PRODUCTS

PREMIER BIO-DIP®

PREMIER BIO-CUP®

Premier Biotech's rapid urine screening products are distinguished by their accuracy, fast results, and ease of use. Many of them are CLIA-waived, too.

CLIA-waived test products are deemed by the FDA to be simple to use and low-risk. This type of test is well suited for a wide range of drug testing programs.

We understand that each testing environment has unique needs, and finding the right test can help ensure your program is operating smoothly. Our CLIA-waived products and services are a great fit for many of our customers.

PRODUCT ADVANTAGES

- ✔ CLIA-waived use makes compliance easy
- ✔ Fast, reliable results in minutes
- ✔ Integrated, multi-strip panel offerings
- ✔ Highly accurate, sensitive, and specific
- ✔ One drug per strip ensuring clear results
- ✔ Easy-to-use, single-step procedure
- ✔ Easy-to-read results with strong line intensity
- ✔ Specimen Validity Testing (SVT) available
